**4. Reports from Members – Ward Matters**

**Cllr Mrs. Anderson** referred to an issue which had long standing reports and lobbying from Hetton Town Council:- the constant and increasing problem of speeding traffic onto B1284 North Road. The traffic congestion is increasing due to the success of employment at Rainton Bridge Ind. Park. Simply the infrastructure and road structure cannot cope with too heavy a flow of traffic. Endless campaigning over many years still has not resulted in a bye-pass proposal submitted many years ago. She asked to obtain from Sunderland City Council a position statement and traffic management plan regarding all matters.

**Cllrs Defty and Campbell** in support of this matter stated that the extra housing developments and future agreed development at North Road will create much more congestion and problems.

It was noted that a roundabout was proposed to help traffic flow, to be funded and constructed by the housing developer.

**Cllr Coulson** referred to the bus service provision in East Rainton, with mini-bus provision shuttle service, asked if Go-Ahead North East could clarify the situation relating to the service.

**Cllr Mrs Wallace** referred to the area of Hetton Downs which also doesn't have such a service.

**Cllr Coulson** advised Members of the success of East Rainton Cricket Club who had formally approached Biffa for grant assistance and put their case for the need for ground improvements, which has resulted in a successful award of £8,000 grant being received.

**Cllr Coates** referred to the ongoing problem of speeding traffic at Caroline Street, which was becoming more acute and hoped police could pay greater attention to this problem, which also included youths playing games of dare across the Front Street highway. He suggested police should be given more power to deal with youth disorder.

**Cllr Coates** also reported that fly tipping seemed to be ongoing and more prevalent in the area of Caroline Street, he had noted vehicles with waste travelling around the area late on an evening, which he suspected were fly tipping in areas.

**Cllr Campbell** again referred to youth disorder in the area, in particular, Hetton Town Centre and Hetton Lyons Country Park and called for more action and presence in the area from the local Northumbria Police Community Team. Additionally she asked why police are not being proactive with the total disregard for parking restrictions and pavement parking by traffic by users of the Community Leisure Pool.

**Cllr Coates** reported dumping of rubbish behind Front Street adjacent to the old St. Nicholas Church and Brewers Arms Public House.

**Cllr Sinnott** also referred to the problem of speeding traffic on A182 Houghton Road and suggested that occasional V.A.S. Traffic speeding enforcement of the police is required.

She also reported issues at Hetton Lyons Country Park, including the vast amount of slime/algae present on the lake and that off road bikes were gaining access to the park, which was causing an unsafe situation for park users.

**Cllr Campbell** raised the question of the authorisation of the annual Return and Accounts ending march 2016. In particular she had examined the records for Mayoral Accounts for the past several years and wished to be provided with further details of Mayor's personal expenditure. Mrs Campbell made comment that she had previously been denied access to Mayoral accounts, and although then acknowledged that she had received official statement replies to her queries, she did not accepted the responses and subsequently spoken to C.D.A.L.C. and BDO Government Auditors about such issues.

In reply **Cllr Heron** stated as a Point of Order this matter was not included on the Agenda and should not be discussed, however he did confirm Cllr Mrs Campbell had received formal responses which had been copied to all Members and the Council had similarly taken advice from B.D.O. and was confident the Mayors in past years had operated in a true and correct manner in carrying out their Civic duties for the benefit if the Town. .

**Cllr Campbell and Cllr Heron** were engaged in a heated debate regarding this matter. Cllr Heron confirmed that the correct protocol would be for the Finance and Resources Committee to examine the issue and report back to Council. Cllr Campbell did not accept

this. At this point the Mayor tried to bring the Meeting to order and calm the situation and bring the Meeting follow Agenda and Business of the Council, he referred to Standing Orders protocol and reminded Members that they had agreed to observe the adopted Code of Conduct.

**Cllr Sinnott** also asked Cllr Campbell to follow Council Protocol and Standing Orders adopted by Members, in that all issues should be presented in a logical, calm and respectful manner.
